

All PortX Pro Stocks Performance

What is this report?

This report includes information on the 1-month, 3-month, 6-month, and 1-year returns of all stocks recommended by PortX Pro.

What information can you find in this report?

In this report, you can see the return period during which PortX executed the sell transaction highlighted in green after the stock's recommendation date. You will observe that this ideal sell transaction is formed by first waiting for 1 month, and if no return above 5% is achieved, then the next period is considered.

How can you use the information in this report?

In this report, you can gain clearer insights into PortX's buy-sell strategy. At the same time, by using this data, you can establish your own rules and create a strategy that can compete with PortX.

Why do we generate this report?

This report is updated and generated based on daily changing price information. It is very important to adhere to PortX Pro's key transparency policy.
